- Bycatch in Norwegian shrimp fishery (35-60 mm)
- Targeted in Norwegian coastal trap fishery

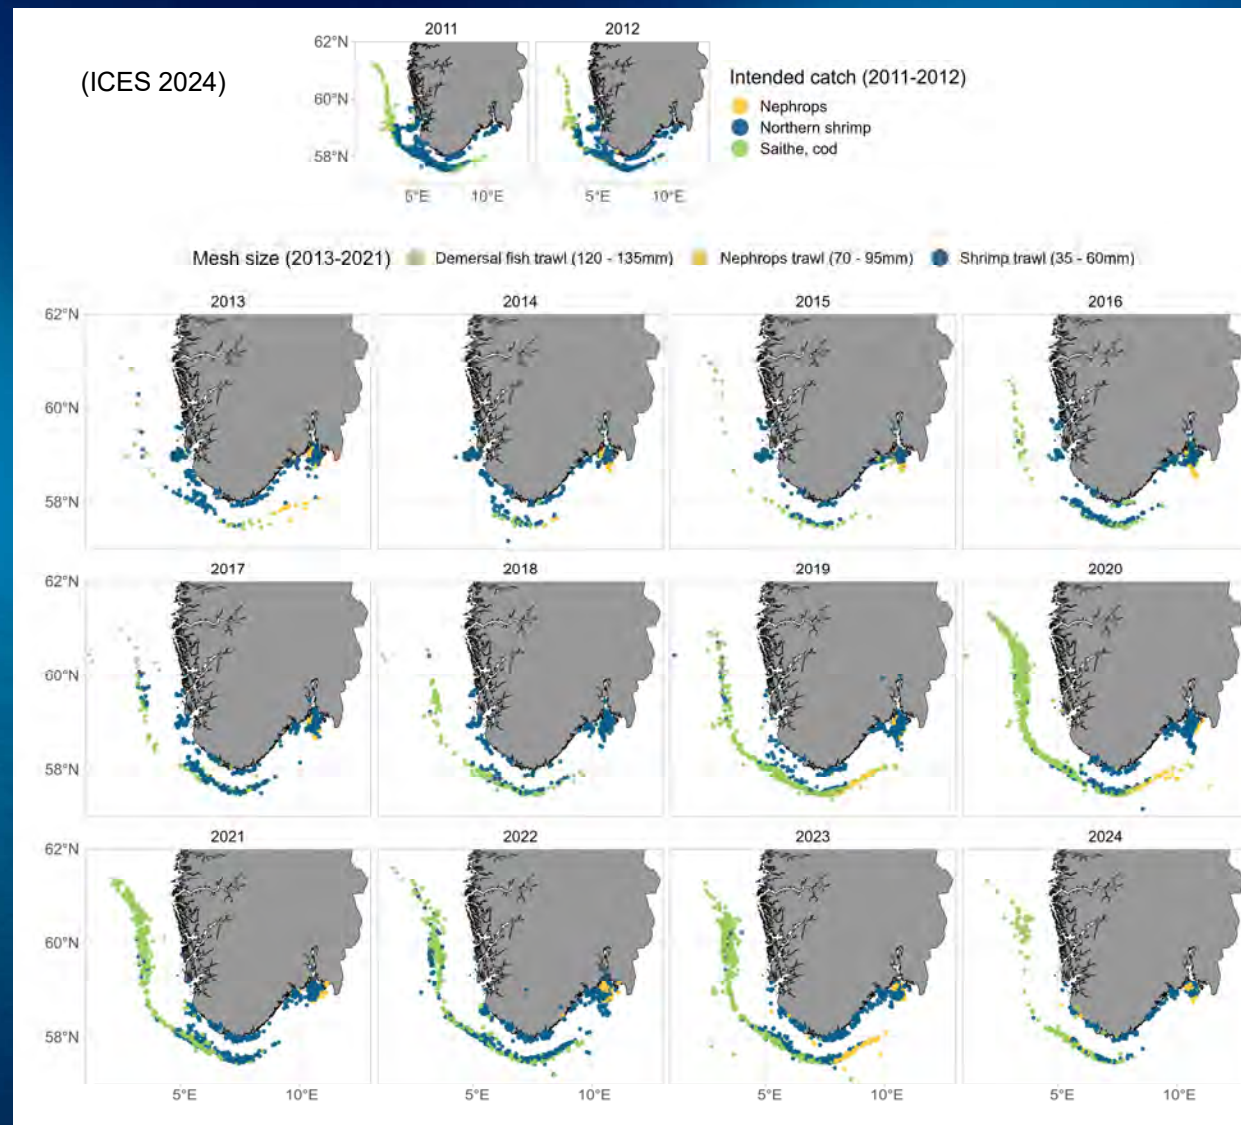

Norwegian Nephrops fisheries

- Skagerrak:
 - Nephrops and shrimp trawl, traps
- Norwegian Deep:
 - large mesh and shrimp trawl, traps
- Coast further north:
 - traps

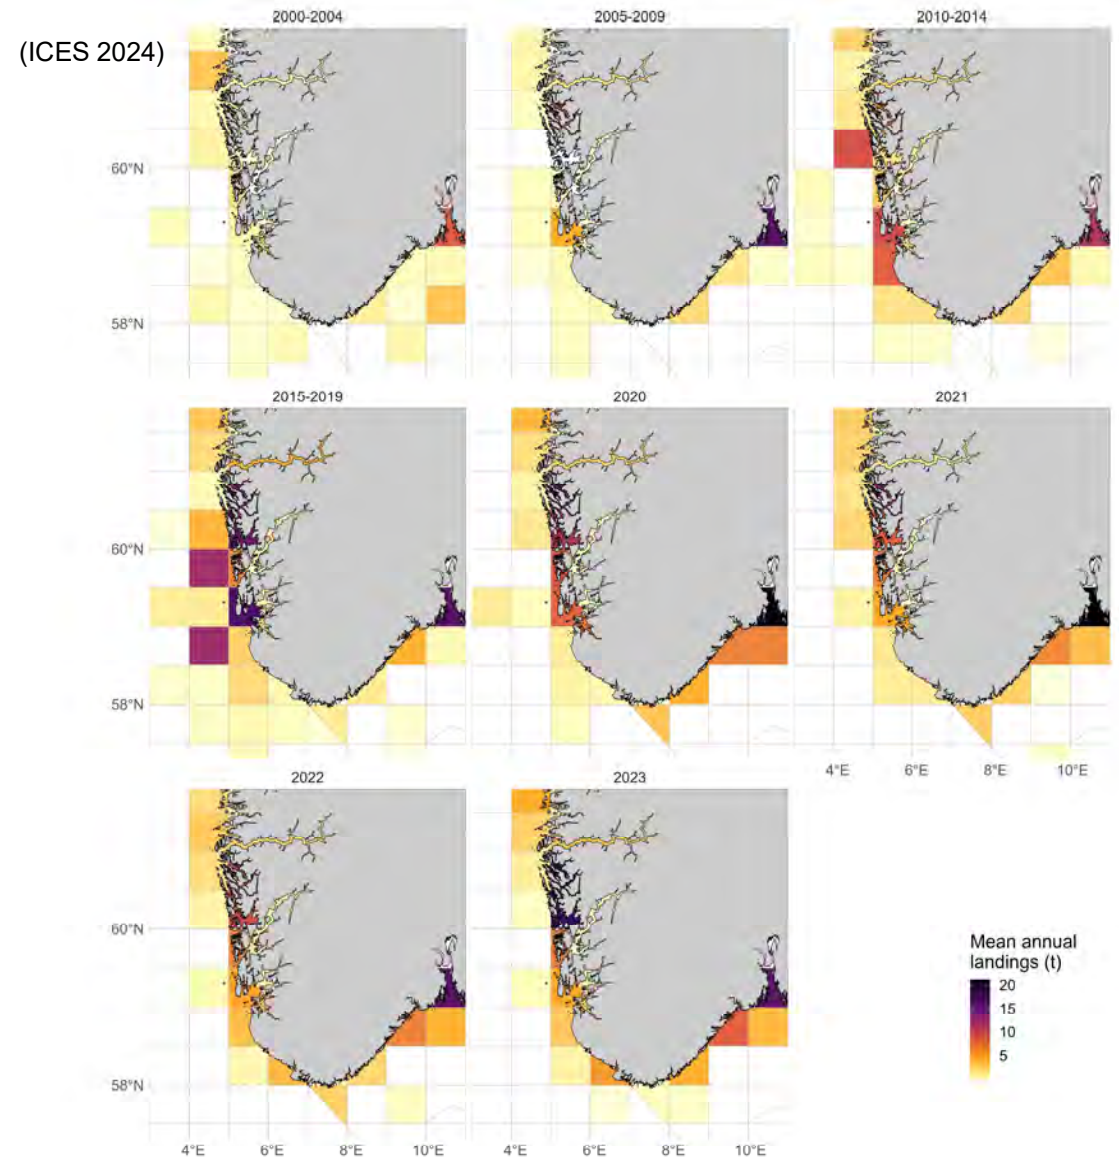

Distribution of Norwegian trawl fishery

Logbook haul positions with *Nephrops* in the catch

Distribution of Norwegian trap fishery – south Norway

Landings per statistical rectangle, 2000-2023
(mean for 5-yrs periods and four last years)

Slide 7

SG0 er figurene for fem år summert over fem år, eller gjennomsnitt over fem år?

Søvik, Guldborg, 2024-04-15T10:54:24.681

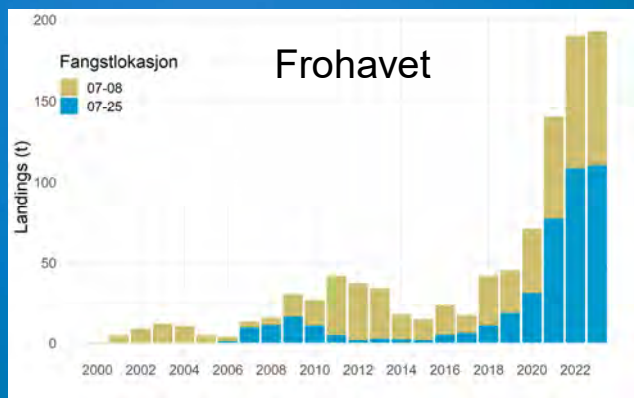

SG0 0 jeg antar at det er summert over de fem årene

Søvik, Guldborg, 2024-04-15T11:00:16.816

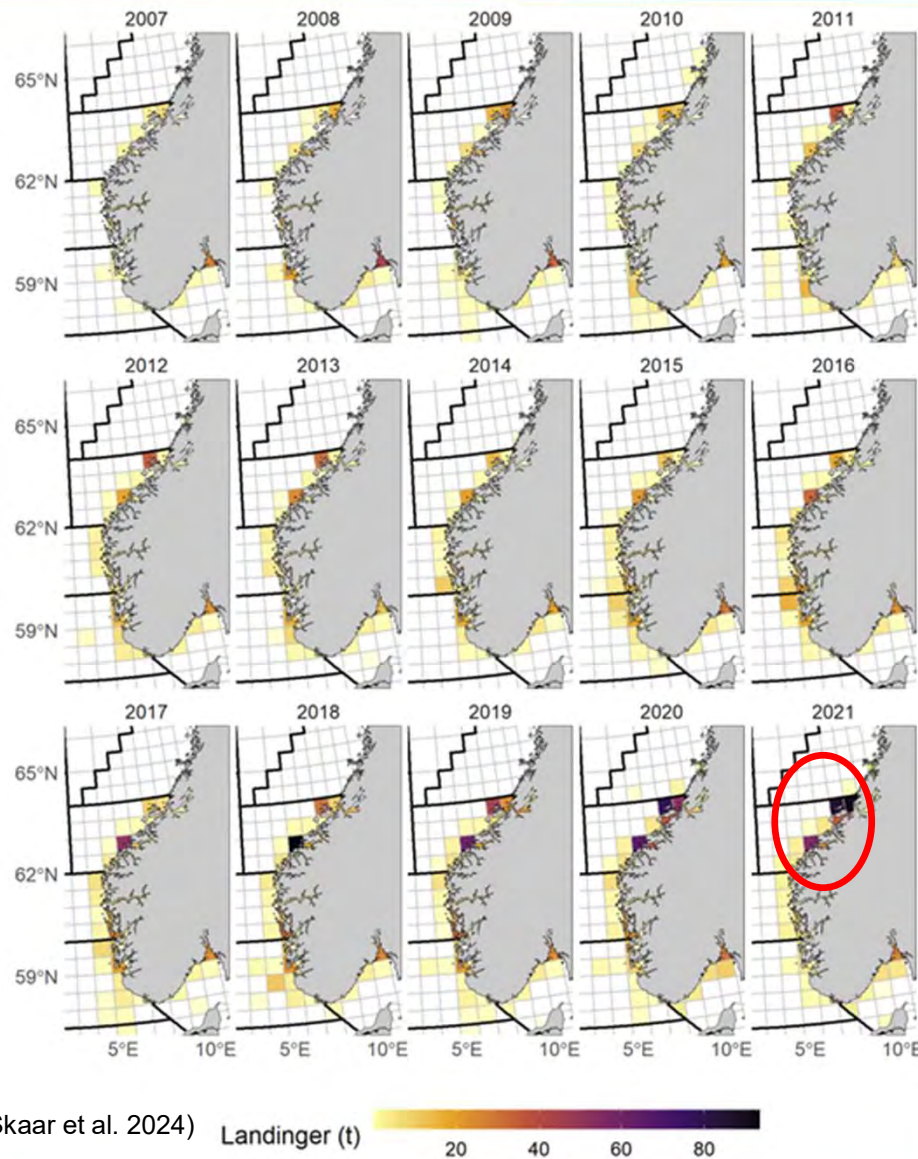

FZO 1 Det skulle være gjennomsnitt, men var summen.. Har fikset det nå, takk 😊

Zimmermann, Fabian, 2024-04-15T11:12:18.913

Distribution of Norwegian trap fishery

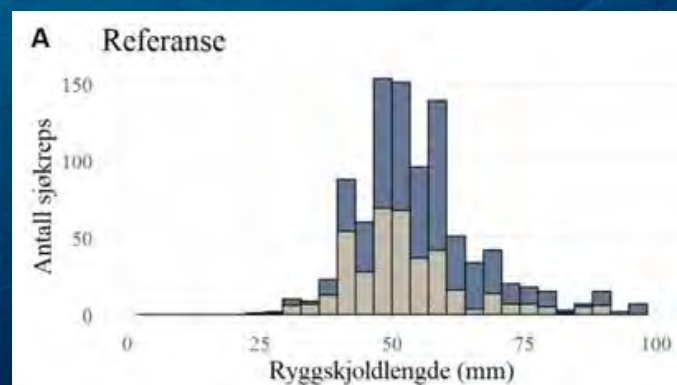

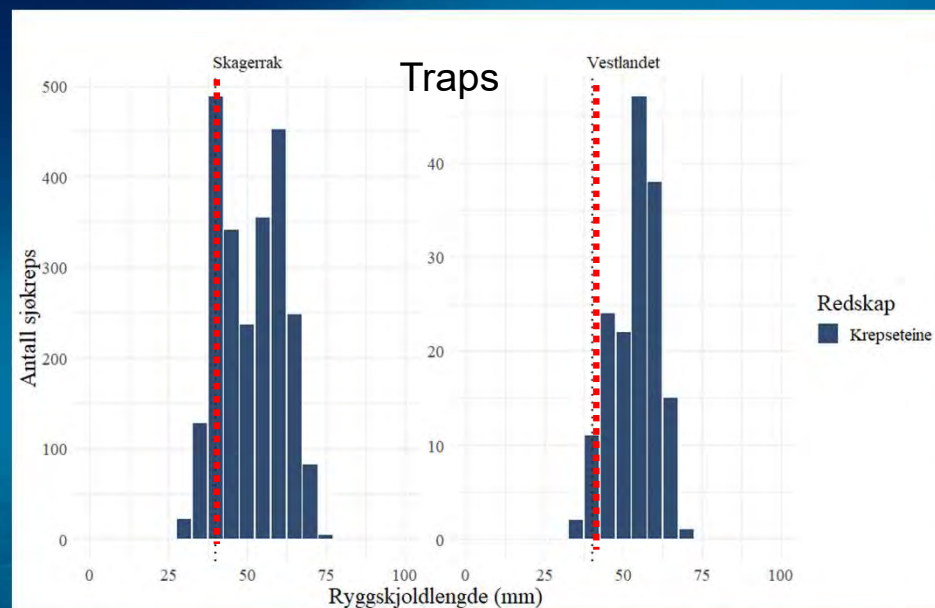

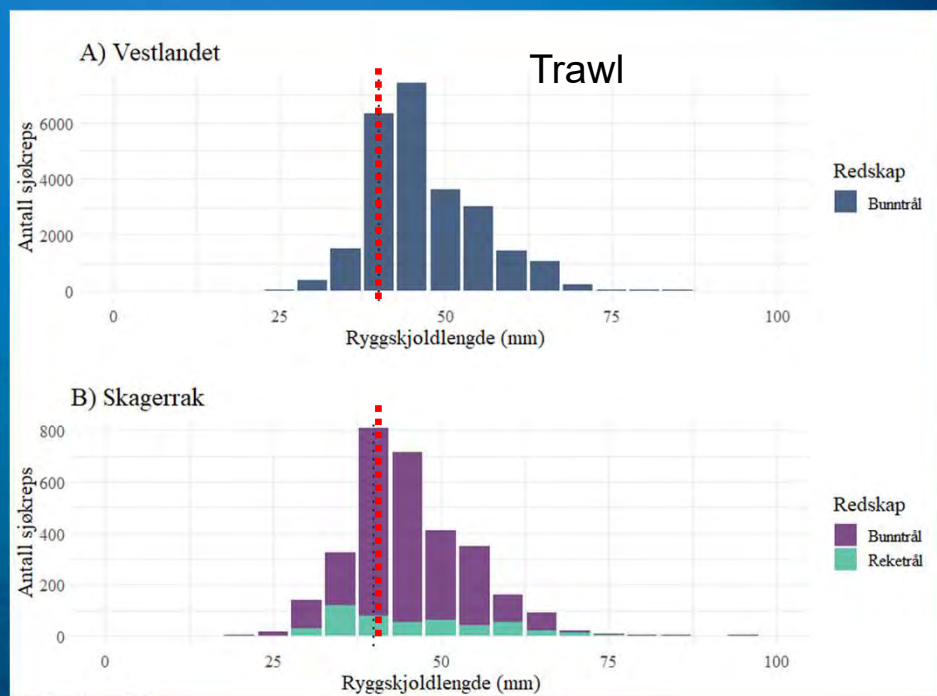

Distribution of traps in Frohavet i 2024

Size distribution in landings

Data from Reference fleet,
2010-2020

(Skaar et al. 2024)

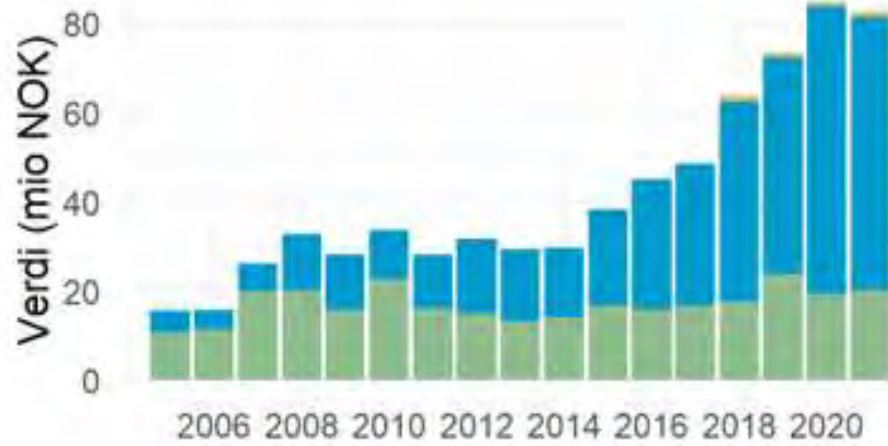

Data from
reference
fishers, 2020

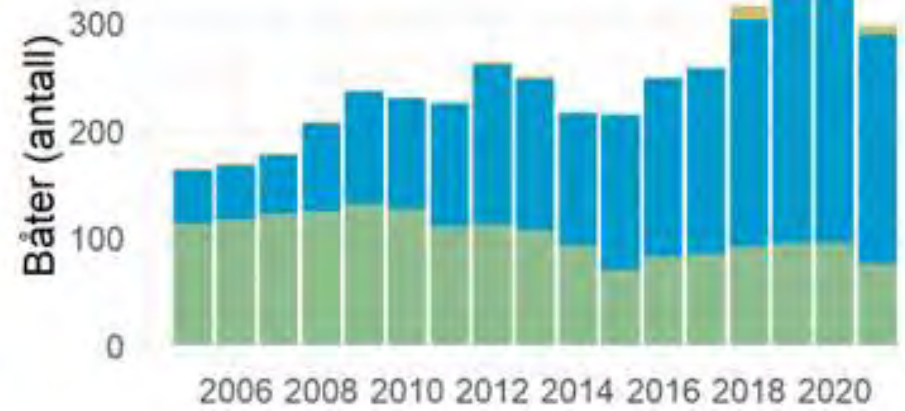

Data from Coast Guard and Reference
fleet, 2002-2021

Fleet

Value (NOK)

Fleet (number of vessel with landings >100 kg)

(Skaar et al. 2024)
